Lady Death

Dark Alliance

1 of 5 BIRTH

Wheels have been set in motion and an unprecedented gathering will soon arrive. The participants will include LADY DEATH — once human, now the white-clad Goddess of Death, attended by CRIMINATOR, the former guardian of BILLY BROCK, a troll with a gift for weapons, and VIRGIL, SOLOMON, the ghost of a slain New York City detective; VANISHA and TULUMATA, valkyrie and Lady Death's half-sisters — after the fall of Asgard, Vanish inherited the Odin energy and created Neopunk PURGATORY — the blood and vampire space, now tied to her mortal form of Siskunz Uddi; Purgand is a gothbiker and has taken as her lover RABENHIA, a wing-guardian JADE — costumed old vampire mistress, modern day Triad gang leader, attended by SILENCE, her mate female bodyguard; CHASTITY — a assassin assassin, a psychotic assassin, and a vampire who has come to have fun; Catherine Bell, BEA BIRD KITTIE, — once an incorruptible New Orleans cop, is now on the run from the FBI with her black cat named LUCY; BECKAM — formerly a Native American, later cursed with the Chocot influence, able to pass through dimensions and time and space; DELIVER — young vampire and master in demand; DA BROWNS GILLOWS — a master assassin agent with the ability to see the future in horrifying visions; the LORDS OF HELL — Scarer, Pagan, Succubus, Bloodthirstiness, Sinner, Threesome, and Demonicity and Deliberate, the Hell's Belles. They gather in areas as Florida, some as fans, some destined to form a DARK ALLIANCE. It begins HERE.
